

## **INDUSTRY INSTITUTE INTERACTION**

**Date: 16<sup>th</sup> and 17<sup>th</sup> August 2018**

This program was a part of industry institute interaction between Automovill, NHomes and Jorhat Engineering College under TEQIP III. A Team of following three resource persons interacted with students and faculty members of Department of Computer Science and Engineering, Jorhat Engineering College, Jorhat, Assam.

1.Mridu Mahaendra Das, Co Founder, Automovill, Bangalore

2.Mr. Mrigom Pegu, Product Manager, Automovill, Bangalore

3.Mr Jigyan Kalita, MD, NHomes, Guwahati

### **Day1: 16<sup>th</sup> August**

The Industry team reached Jorhat on 15<sup>th</sup> August 2018 and visited JEC on 16<sup>th</sup> August 2018. They interacted with faculty members and discussed the prospects of engaging students as intern in their projects. During their interaction with 44 numbers of students in the seminar hall of department of CSE, the experts highlighted the basic objective of the organizations and also provided a brief outline of their current projects and technology used. Also they explained their future plans and informed the students how they can be a part of their projects as an intern during their final semester. Based on mutual preferences, the experts selected 11 numbers of students to work with them during final year as intern.

### **Day2: 17<sup>th</sup> August**

The selected students were informed about their duties and responsibilities during the internship period. Also they were trained briefly on the technologies to be used during this period. Contact details were exchanged for better communication and smooth conduction of the internship.

The Team left Jorhat in the evening of 17<sup>th</sup> August 2018.

The session seems to be fruitful as a total of 11 numbers of students will be able to do their final year project under direct supervision of Industry experts,
