

A REPORT ON TWO DAYS WORKSHOP
ON
ADVANCED MATLAB AND ITS APPLICATIONS
ORGANISED BY
DEPARTMENT OF INSTRUMENTATION ENGINEERING
JORHAT ENGINEERING COLLEGE, JORHAT

Instrumentation Engineering Department, Jorhat Engineering College has conducted a two days workshop for the students of Jorhat Engineering College on 2nd & 3rd May 2018. The registration and inauguration of the program started at the scheduled time at the department seminar hall and the resource persons and the dignitaries arrived at 9 am. The inaugural program started with the welcome speech of the HOD (Instrumentation Engineering) and felicitation of guests was done.

The resource person Dr Swanirbhar Majumder started his talk with his brief introduction and briefly talked about the importance of Matlab and its applications. After the inaugural session the workshop started and it was carried out in the computer centre of the department with hands-on session as per the schedule in the brochure. The resource persons started from the very basic with hands-on and he explained each and every command with practical examples.

Faculty and students participated actively in the event by interacting with full of energy. The participants have gained enough knowledge from the practical examples and practical sessions.

From the workshop students have gained knowledge about how to approach for solving Engineering problems using simulation tools and they have got knowledge to use Matlab in their project work. Some of the lectures and practical like Artificial Neural Network and Image Processing helped the students to select their projects in these emerging fields. In short the workshop has provided a foundation in use of this software for real time applications.

Coordinators: 1. Mr. Arobindra Saikia

2. Mrs. Monisha Pathak
