

## Rishikesh Borpuzari Ideathon competition 2023

The Rishikesh Borpuzari Ideathon competition 2023 was held to motivate students of Jorhat Engineering College for entrepreneurship and start-up. The competition was conducted by Entrepreneurship cell, JEC in association with Rishikesh Borpuzari Memorial Trust and JEC Alumni Association. This year competition covers following areas:

1. Climate Change Issues    2. Renewable Energy    3. Green Hydrogen Economy
4. Tea garden    5. Bamboo based products    6. Precast technologies
7. Edutech    8. Agriculture    9. Future Technologies    10. Cyber security

Total prize money for this competition is 1 lakh out of which JEC Alumni Association contribution is Rs. 85 thousand. **The selected groups will be groomed and mentored by experts/entrepreneurs from the JEC Alumni Association.**

The first round was a paper presentation round where 20 groups were participated. In the first round 13 groups were selected for final round.

The ideathon competition was judged by our distinguished JEC Alumni who were also reputed entrepreneur or persons involved in entrepreneurship activity.
